Key Stage 3 Learning and Assessment Plan

My Learning Plan

The Learning Plan informs me about the new topic I am studying. It gives information on Key words I am learning, what skills I am developing and how I will be assessed.

My Personalised Targets

In each of my subjects I have a Personalised Target %. This target is based on my score in my English and Maths Assessment in early September. Each assessment will be compared to this target and recorded as:

Recording & Monitoring My Progress

Recording my results:

- * On my reflection plan
- * On computer tracking system by class teacher

My result in each of the 4 Standardised Assessments is compared against my Personalised Target % and monitored by my Class Teacher, Form Teacher, Year Head and Senior Leadership. Any student who underachieves in assessments may be supported through progress report.

Reflection Plans

At the end of each topic my Assessment result is included in my Reflection Plan. My teacher gives me feedback on my achievements and on what I need to do to improve. I also reflect on my own work.

Learning Intention: - This is what I am going to know, understand and be able to do at the end of the lesson.

Success Criteria: —What I need to do to succeed in my assessments/work

Self Assessment: —This is where I mark my own work against the agreed success criteria

Peer Assessment: This is where I mark another students work against the agreed success criteria
