

ST MARY'S HIGH SCHOOL, NEWRY

Curriculum Policy

Revised October 2020

Rationale:

St Mary's High School aims to provide all pupils with a broad and balanced curriculum which supports their spiritual, moral, social, cultural, intellectual and physical development. Emphasis is placed within all subjects on the development of a range of cross-curricular and thinking skills and personal capabilities that pupils need to learn effectively to be successful in life and work. A wide range of learning opportunities also facilitate the acquisition of positive attitudes and dispositions to prepare pupils for the opportunities, responsibilities and challenges of adult life. The school fully embraces collaborative learning allowing its pupils to gain a wide range of educational opportunities, the school's mission statement states:

'We will work in collaboration with other educational institutions and in partnership with parents and pupils to maximize academic and creative potential of pupils, enabling them to achieve the highest educational standards, thereby enriching their lives, the community and the economy'

DE's Policy for School Improvement *'Every School a Good School' April 2009*; states that every school should ensure that *'a school is vibrant, self-improving, well governed and effectively led communities of good practice, focusing not on institutions but on meeting the needs and aspirations of all pupils through high quality learning, recognizing the centrality of the teacher'*.

The Board of Governors, Principal, Senior Leadership Team and Curriculum Leaders have responsibility for offering all pupils a wide range of learning opportunities and curriculum pathways as outlined in the Entitlement Framework (21 subjects at KS4 and Post 16). The school aims to develop each pupil as an individual, contributor to society, to the economy and environment. The school's comprehensive pastoral and CEIAG provisions support and guide each pupil, enabling them to become independent learners, able to make informed choices, manage their own learning journey and ultimately reach their full potential and career goal.

Aims:

- Provide a relevant broad and balanced curriculum based on the key principles of the Northern Ireland Curriculum and Entitlement Framework (21 subjects at KS4 and Post 16).
- Ensure all pupils have equal access to curriculum provisions and support strategies to enable them to achieve their full potential
- Provide a curriculum which reflects Labour Market Information and curriculum development from awarding bodies
- Provide a curriculum which develops pupils as individuals, contributors to society, the economy and the environment
- Provide appropriate curriculum and pastoral support to Newcomer pupils with those with SEN
- Create a child centred, supportive learning environment where all pupils are treated with equality and fairness
- Provide pupils with a range of learning opportunities suited to their needs and abilities
- Develop the cross curricular skills of Communication, Using Maths and Using ICT
- Development a range of thinking skills and personal capabilities enabling pupils to achieve their potential and make informed and responsible decisions throughout their lives
- Maximize the academic and creative potential of pupils by challenging them to be independent thinkers and life-long learners
- Give pupils opportunities to learn about factors which impact on learning e.g. learning styles, techniques to improve learning, healthy lifestyles and exam techniques
- Prepare pupils for the opportunities, responsibilities and experiences of adult life and equip them with the skills to manage their career development
- Collaborate with other schools: Primary and Post Primary together with the Southern Regional College and training providers to extend learning opportunities
- Use assessments and data to inform learning and teaching and support raising attainment for all pupils
- Create a reflective, self-evaluating learning environment committed to raising attainment
- Provide comprehensive careers information, education, advice and guidance together with transitional support to enable all pupils to manage their own career development

CURRICULUM:

Key Stage 3:

All pupils follow the Northern Ireland Curriculum, studying in total 17 subjects.

Pupils are taught in mixed ability classes except for the following subjects:

Year 8 – English and Mathematics

Year 9 – English and Mathematics

Year 10 – English, Mathematics and Science

The range of subjects offered at KS3 is:

- Art and Design
- Citizenship
- Drama
- Employability
- English
- French
- Geography
- History
- Home Economics
- ICT
- Mathematics
- Music
- Personal Development
- Physical Education
- Religious Education
- Technology and Design
- Science

Transition

In Year 10 (Term 2), pupils are supported in making their choice of subjects for Key Stage 4. The Year 10 Employability Programme, Key Stage 4 Option Week, GCSE Information Seminar, Subject choice interviews with the Principal and Vice Principal and Key Stage 4 Transition Seminar (August, Year 11) gives pupils and their parents/guardians important information and advice, helping them to make informed choices regarding their preferred curriculum pathway and subject choices.

Entitlement Framework

St Mary's is an active member of Newry and Mourne Area Learning Community. All schools in this community are committed to providing pupils with access to the Entitlement Framework which aims to guarantee all Post Primary pupils in Year 11+ greater choice and flexibility by providing them with access to a broad range of general and applied courses suited to their needs, aptitudes and interests.

St Mary's fully complies with the Entitlement Framework which places a requirement on all schools in N. Ireland to provide access to 21 subjects at both KS4 and Post 16 (of which at least one third should be general and at least one third applied).

Key Stage 4:

There are 33 subjects within the Key Stage 4 curriculum offer, both applied and general. Students study 9 subjects both GCSE and Level 2 of which the following are compulsory:

- GCSE English Language
- GCSE Mathematics
- GCSE Religious Studies or OCN L2 Religious Studies
- GCSE Science Single Award or OCN L2 Certificate in Applied Science

Pupils select from a range of non-compulsory subjects within the Key Stage 4 Curriculum Pathways, allowing them to choose a programme of study that best matches their interests, career aspirations and ability levels, these subjects include:

- GCSE Art and Design
- GCSE Business Studies
- GCSE Business and Communications Systems
- GCSE Design and Technology
- GCSE Drama
- GCSE English Literature
- GCSE French
- GCSE Further Mathematics
- GCSE Geography
- GCSE Health and Social Care
- GCSE History
- GCSE Home Economics Food and Nutrition
- GCSE Learning for Life and Work
- GCSE Music
- GCSE Physical Education
- GCSE Polish
- GCSE Science – Double Award

Other Level 2 Qualifications

- OCN L2 Certificate in Information Technology Applications
- OCN L2 Extended Certificate in Early Years Learning, Care and Development (2 grades)
- CCEA L2 Certificate in Preparation for Adult Life
- CCEA L2 Occupational Studies – Business and Services
- CCEA L2 Occupational Studies – Environment and Society
- CCEA L2 Certificate in Performance Skills
- Prince's Trust Level 2 Certificate in Personal Development and Employability Skills

All Key Stage 4 pupils have timetabled Personal Development, Careers Guidance and non GCSE Physical Education lessons in addition to their Key Stage 4 subjects. Pupils also study a Citizenship module each year as part of the schools local and global citizenship programme.

All Year 11 pupils complete work experience in June. This workplace learning supports them as they make decisions about future choices for post 16 study, third level education and employment.

Cross Curricular Skills – Communication, Using Maths and Using ICT

The Curriculum within St Mary's places great importance on developing the skills that pupils need to learn effectively and to be successful in life and work. These skills are developed across the curriculum and are the responsibility of all teachers. Emphasis is placed on transferring, applying and 'using' skills effectively, throughout the curriculum.

Thinking Skills and Personal Capabilities

The ability to think both critically and creatively and to develop personal and inter-personal skills are essential for all learners. The development of Thinking Skills and Personal Capabilities (TS&PC) is embedded in curriculum subjects helping to prepare pupils for employment and their role as active citizens in society.

KEY STAGE 5:

The school collaborates closely with St Mark's High School, St Colman's College and the Southern Regional College to offer pupil a wide range of Applied and General subjects at Post 16 Level.

Transition

Throughout the Key Stage 4 CEIAG programme pupils receive advice and support to help them to make informed decisions regarding Post 16 study in St Mary's and other career pathways open to them. All Year 12 pupils (Term 2) attend the Post 16 Subject Carousel, Options Seminar and have an individual interview with the DEL Careers Advisor along with the Principal or Vice Principal to discuss their subject choices.

The following subjects are offered to current Post 16 pupils:

Non collaboration subjects

- GCE Art and Design
- GCE Health and Social Care
- GCE Polish
- GCE Professional Business Services
- GCE Religious Studies
- GCE Sociology
- OCR Cambridge Technical Introductory Diploma in Business
- OCR Cambridge Technical Introductory Diploma in IT

Collaboration with St. Mark's High School

- BTEC National Award in Children's Care in Education
- BTEC Subsidiary Diploma in Sport and Exercise Sciences
- GCE Performing Arts
- GCE English Literature

Collaboration with St. Colman's College

- GCE English Literature
- GCE French
- GCE Geography
- GCE Mathematics

All pupils have timetabled Careers Guidance lessons each week and have access to a range of resources in the Library and Sixth Form Study Centre. In Year 13 pupils follow an extensive enrichment programme which supports their personal development, preparing them for the challenges and responsibilities of Third Level Education, employment and adult life.

Requirements for Sixth Form Entry

For entry to Sixth Form, pupils must be able to demonstrate their ability and commitment to pursuing their studies within the supportive environment of the school. Pupil's school record must demonstrate in particular:

1. 5+ GCSE grades A*-C including Mathematics or English
2. Subject specific requirements as outlined in the Post 16 Prospectus
3. Respect for school rules/policies and full co-operation with all teachers.
4. Good punctuality and attendance.

Extended Curriculum

In addition to the formal curriculum, pupils have the opportunity to become involved in a wide range of curricular and extra-curricular activities, clubs, educational and cultural trips. As an Extended School, St Mary's offers further opportunities to pursue learning outside school hours. Each year the range of activities are promoted through the school app, website and social media.

Transition

In St. Mary's there is a comprehensive transition programme, both pastoral and curriculum to support students and help them to manage their own learning, especially the demands of moving into a new Key Stage (Appendix 1). The progress of all students in each subject is monitored and tracked through the whole school assessment and pastoral procedures via SIMS Assessment Manager.

Curriculum Links

In St Mary's the curriculum is enriched by a wide range of educational links with local schools, primary and post primary, businesses and organisations. These links provide additional learning opportunities to pupils and help to support the CEIAG programme within the school. (Appendix 2)

Inclusion and Diversity

As a Rights Respecting and Catholic School, St Mary's promotes a culture of respect where diverse identities are welcomed and cherished. All pupils have full and equal access to the curricular and extra-curricular provisions within the school.

Special Educational Needs and Disability

Pupils with Special Educational Needs receive extra support in Mathematics and English in smaller teaching classes and may have access to a Classroom Assistant. For other subjects they are taught in mainstream mixed ability classes. Pupils have full access to the curricular and extra-curricular provisions and learning opportunities within the school. Pupils are supported to maximise their academic and creative potential and extra support is given to allow those pupils who have specific learning/behavioural difficulties to access the broad and balanced curriculum at a level commensurate with their ability.

Student Voice

As a Rights Respecting School, St Mary's promotes and celebrates the invaluable contribution of pupils to the life of the school. Pupils have the opportunity to join and become leaders in a range of Student Voice groups, these include:

- Rights Respecting Student Council
- Eco Committee
- School's Nutritional Action Group
- Liturgy Committee
- Citizenship Ambassadors
- Maths Mentors
- Learning Partners
- ICT Ambassadors
- SMART 6

Connected Learning

Various learning opportunities within subjects allow pupils to learn about, practise and develop skills from a number of other curriculum areas. Connected learning tasks draws on the knowledge and skills pupils have developed in previous learning, allowing them to experience how they are able to transfer their knowledge and skills in different ways for different situations.

In St Mary's departments collaborate on various curriculum projects to give pupils learning opportunities that allows them to share their knowledge and skills and make connections in their learning. There are formal curriculum based projects in KS3:

Year 8 - Our School in Africa (English, Art and Design, Music, Geography, Science, RE)

Year 9 - Fair Trade (English, History, Home Economics, Drama, RE)

Year 9 – Energy usage - Statistics (Maths and Geography)

Year 10 – Nepal (Geography and Citizenship)

Shared Education

St Mary's is an active member of Newry and Mourne Area Learning Community and is committed to establishing meaningful and sustainable educational links with other schools in the area. These links enrich the curriculum and learning opportunities for pupils and contribute to the continuous professional development of staff. The school has developed shared educational links with Rathore School Newry, helping to support its curriculum delivery and development.

Religious Education

As a Catholic school, Religious Education and community prayer and worship are central to the life of the school. The spiritual, moral and social development of pupils is promoted in Religious Education classes, at whole school and Year Group Assemblies, Masses, Penitential Services, Liturgical events, Year Group Retreats and through the Pastoral Care Programme. The school endeavours to lead pupils to a deeper, active and more personal faith and to create an atmosphere where the Christian qualities of respect for self and others is promoted. Throughout the year opportunities are created for pupils to experience prayer and to participate in the sacraments and in liturgies.

Careers Education, Information Advice and Guidance (CEIAG)

CEIAG is delivered through designated classes across all Key Stages and is supported by all subjects and within GCSE Learning for Life and Work. Guidance is provided by experienced teachers and outside agencies to provide pupils with opportunities to discuss their aptitudes and interests and obtain advice on possible career pathways and make informed choices at GCSE and Post 16. All pupils have equal access to the CEIAG programme and close partnerships are developed with parents, employers, Institutes of Further and Higher Education, the Department of Employment and Learning, Newry and Mourne Labour Education Forum and the local Business Community.

Roles and Responsibilities:

Board of Governors

- To ensure the school provides a broad and balanced curriculum, consistent and progressive in line with the Northern Ireland Curriculum and Entitlement Framework

Principal and Senior Leadership Team

- To ensure curriculum review and development is a key priority in the School Development Plan
- To ensure there is a broad and balanced curriculum, consistent and progressive in line with the Northern Ireland Curriculum and Entitlement Framework
- To employ a range of methods through a systematic process of monitoring, evaluating and reviewing curriculum provisions across all key stages
- To use assessment and data effectively to analyse the success of all curriculum areas and to identify areas for development
- To ensure the school has an effective programme of CPD to support all teachers to deliver the curriculum including the sharing of good practice within and across departments
- To ensure adequate resourcing to support the delivery of the curriculum, enabling high quality learning and teaching
- To foster collaborative links with others school in the ALC.

Heads of Department

- To lead the process of evaluation and target setting for improvement in learning and teaching within their department
- To implement all statutory and school requirements on assessment, marking, recording, reporting and homework
- To coordinate appropriate quality assurance procedures, in line with school and DE requirements
- To monitor and evaluate curriculum provisions within their department and celebrate achievements and success
- To monitor the progress of pupils and set appropriate targets for improvement
- To actively encourage and promote extra-curricular activities
- To lead their department in implementing new programmes of study, approaches and initiatives in line with curriculum developments and to meet the changing needs of pupils
- To create and manage an effective, safe and well resourced learning environment to deliver the curriculum at all key stages.

Class Teachers

- To keep up-to-date with current educational developments and initiatives and to avail of all opportunities for professional development
- To create a child centred, supportive learning environment where all pupils are treated with equality and fairness
- To make use of a wide range of teaching strategies which match the identified educational needs of pupils including those with special educational needs.
- To use data to support self-reflection
- To encouraged students to develop their thinking skills and personal capabilities

Related Whole School Policies:

This policy is set within the broader school context of curriculum and as such should be implemented in conjunction with the following policies:

- Learning and Teaching Policy
- Assessment Policy
- Marking and Presentation Policy
- SEN Policy
- CEIAG Policy
- Pastoral Care Policy
- Inclusion Policy
- Numeracy Policy
- ICT Policy
- CRED Policy
- Personal Development Policy
- Parental Engagement Policy

All policies are available from the school website www.stmarysnewry.com.

Monitoring, Evaluation and Review:

The Vice Principal and Senior Leadership Team are responsible for monitoring, evaluating and reviewing the curriculum provisions in the school. The whole school Curriculum Policy will be revised on an annual basis after the completion of the Entitlement Framework Audit (October).

Appendix 1 – Transition Arrangements

KS2/KS3 Transition Programme

There is a comprehensive induction programme for all Year 8 pupils. These include:

Pastoral

- Year Head for Year 8 liaises with all the feeder Primary Schools
- Open Night – January
- Visits to Main Feeder Primary Schools
- Transition Mornings for Pupils - June
- Pupils meet their Form Teacher and other pupils in their class - June
- Parents meet their daughter's Year Head and Form Teachers at an initial Induction Meeting - June
- Year 8 Summer Activity Workshop - August
- Registration – Form Teacher and Form Class - August
- Whole School Briefing led by Year 8 Year Tutor and SENCO (Staff Meeting – August)
- Senior Prefects assigned to each Form Class - September
- Learning Partners Programme
- Parent Teacher Meeting – opportunity for parents and pupils to meet each subject teacher – November
- Ongoing: Pastoral, Newcomer and SEN Support
- Ready4Anything and Personal Development Resilience Programme
- School Website and App – providing pastoral information

Curriculum

- Transition Mornings (Baseline Numeracy and Literacy Assessments) - June
- Maths Interact Roadshow P6
- Learning and Assessment Seminar (September)
- Learning Partners Programme
- KS5 Maths Mentors (In school)
- Count Read Succeed Numeracy Programme
- Year 13 Maths Mentors (Primary Schools)
- 'Your School Your Business' YENI Programme
- Technology Insight Day (3 Primary Schools – P6/7 Pupils)
- World Book Day Quiz (P6 Pupils)
- Tree of Knowledge – Study Skills
- Employability Programme
- Extended Schools Programme

KS3/KS4 Transition Programme

Year 10/11

There is a comprehensive transition programme for all Year 11 pupils. These include:

- Year 10 Employability Programme
- February: During Options Week, all subject teachers talk to their Year 10 class about the GCSE Curriculum
- February: Pupil and Parent GCSE Information Seminar: Parents are invited to attend an information seminar on GCSE subjects (that are additional to the KS3 curriculum);
- February: Year 10 Parent Teacher Meeting
- February: Young Enterprise 'Learn to Earn' workshop
- March: Subject choice interviews with Principal and Vice Principal
- March: Year 10 pupils choose their GCSE Option Subjects
- March: Start 360 Copying with Transition programme
- August: Year 11 Transition Seminar for parents and pupils – information about the transition from KS3 to KS4 (GCSE Level)
- September: Learning and Assessment Seminar
- September: Year 11 final changes to option choices
- Pastoral support programmes from PIPS and Start 360
- Baseline Assessment (CAT Tests)

KS4/Post 16 Transition Programme

Year 12/13

There is a comprehensive transition programme for all students progressing to Post 16 study. These include:

- Study Skills – Learn Sparks
- Meetings with Principal and Vice Principal (September and February)
- Key Stage 4 CEIAG programme – Post 16 choices for students
- February: Post 16 Seminar - information given to pupils and their parents regarding Post 16 subjects
- Post 16 Prospectus/website and school app
- 'Moving on' interview with Mrs Michelle Grant – DEL Careers Advisor
- Year 12 Individual interview with Vice Principal re subject choices
- August: Year 13 Transition Seminar for parents and pupils – information about the transition from KS4 to Post 16
- Collaboration students – tour of collaborating school (St Mark's High School) Collaboration guide given to students
- November: Post 16 Careers Guide and initial careers audit
- PTM – November
- Use of baseline assessment to monitor progress and support teacher predictions
- On-going monitoring of pupil progress through SIMS (Behaviour Manager and Attendance)
- On-going communication with collaborating schools (Pastoral and Academic)

Post 18 Transition Programme

Year 14/Higher Studies/ Employment

- CEIAG Programme – Year 13/14
- Open Days – QUB, Ulster University, St Mary’s UC, DKIT, SRC
- Careers talks:
 - Southern Regional College
 - Belfast Metropolitan College
 - Dundalk Institute of Technology
 - EA Finance talk
- Year 13 Enrichment Programme
 - Health living
 - Dealing with stress
 - Independent living
- Talk from current university student – demands of third level study
- ‘Moving on’ interview with Mrs Michelle Grant – DEL Careers Advisor
- ‘Moving on’ interview with careers teacher
- Ongoing careers information
- Past student profiles
- Interview skills workshop
- Career Ready Programme
- QUB Pathway Programme
- Nutfield Placement Programme
- Work placements
